FINANCIAL INSTITUTIONS AND MARKETS · MF50004.01

Final Paper

Prof. Jiajun Jiang · School of Economics, Fudan University · Semester 1, 2026–2027

What you write

Write an individual research paper on a question of your own about China's financial markets, financial institutions or financial system. The question should be specific and related to the topics taught in this course. An empirical analysis, a case study, a literature review or a policy discussion are all acceptable. The argument should be supported by evidence, and the paper should reach a conclusion.

Dates

Date	What	To whom / where
By Thursday 5 November	The title of your paper; Prof. Jiang will give feedback on eLearning	eLearning
Friday 4 December 2026, 24:00 (China Standard Time)	The paper, as a Word or PDF file	eLearning

Format

- No more than 15 pages in total, 11-point type, double-spaced.
- A title, an abstract of no more than 300 words, the main text, and references.
- Give the source of all data, literature and other evidence you use, and list every source in the references.

There is no required structure. A common one is: introduction, related literature, method and results, conclusion.

How it is marked

- **Theory.** How well the question and the analysis use the theory taught in the course.
- **Evidence.** Whether data, examples and literature support the argument, with their sources given.
- **Conclusion.** Whether the conclusion is clear and follows from the evidence.
- **Writing.** Whether the paper is clear and well organised.
